SECTION 2 ANC AIRPORT PUBLIC OUTREACH PLAN

2.1 AIRPORT PUBLIC OUTREACH PHILOSOPHY

Public Outreach Plan Mission: Inform, consult, and involve

The Airport believes it has the responsibility to communicate information about both its operations and events that are of interest to travelers, Anchorage and State of Alaska residents, and other interested parties.

Leadership at the Airport is committed to maintaining lines of communication through press releases, online notifications, in-person meetings, and other methods informing interested parties about Airport events and actions that have an effect on their lives and livelihoods.

The Airport works with numerous community and government organizations on a regular basis and strives to maintain a transparent and positive relationship with businesses, neighborhoods, government officials, interest groups, and other interested parties. The Public Outreach Plan documents the Airport's mission with regard to communicating with businesses, neighborhoods, government officials, interest groups, and other interested parties, and establishes guidelines for effective two-way communication between the entitees. The Airport will adhere to the Public Outreach Plan to the greatest practical degree and encourages businesses, neighborhoods, government officials, interest groups, and other interested parties to adhere to the Public Outreach Plan to the greatest practical degree.

2.2 PUBLIC COMMUNICATIONS TO AIRPORT

The Airport has established lines of communication designed to allow the public access to information about the Airport and the Airport to respond to reasonable inquiries that relate to Airport operations and development in a timely fashion.

The Airport asks that individuals and organizations with an interest in the Airport, or that have an inquiry or comment, use one or more of the following communication methods:

2.3.2 PUBLIC NOTICE

The Airport is responsible for complying with laws and regulations that establish the basic means for providing notice for all projects and public meetings [per the Open Meetings Act \(AS 44.62.310-312\)](#). Any Airport-related event that requires public notice pursuant to statutes or regulations will be published a minimum of 7 days in advance, with a goal of 10-14 days in advance. Public meetings will require:

- Publication on the State of Alaska Online Public Notice System
- Publication on GovDelivery

- Posting in the Airport manager's office

The Airport will comply with any changes in public notice regulations that may occur in the future.

With regard to leases and permits for Airport land, terminal space, and concessions, Alaska Administrative Code, Title 17 Chapter 42, regulates public notice. Approved Airport lease applications are noticed through:

- Publication on the State of Alaska Online Public Notice System
- Posting in a public place on or near the Airport
- Emailing via GovDelivery

The content of any public notice for leases is also regulated and, at a minimum, require notice of the applicant name, location of the lease, term length, and lease rate. Depending on the purpose of the lease (new, renewing, or making a material change) the notice either is to invite public competition or is for informational purposes only. These are regulated requirements that are subject to change when regulations are periodically updated. The Airport will request that applicants for land leases adjacent to residential areas meet with the associated community council to inform the community of their development plans prior to granting a lease.

2.3.3 REGULAR COMMUNICATION WITH ORGANIZATIONS

The Airport regularly participates in meetings held by community organizations, aviation groups, and other entities.

To facilitate its regular meeting schedule, the Airport publishes a monthly Airport Update distributed via GovDelivery. This document shares information about Airport news, events, and noteworthy operations activity. The public can view the monthly Airport Update on the Airport's website, www.anchorageairport.com, or sign up for GovDelivery to receive the monthly updates.

Sand Lake, Spenard and Turnagain Community Councils

A representative of the Airport will attend monthly meetings of the Sand Lake, Spenard, and Turnagain community councils as these communities are directly adjacent to the Airport. Airport responsibilities include:

- Send the monthly Airport Update reasonably in advance of the Councils' meetings and post an update on the Airport's main webpage
- Posting a list of all land lease applications that were public noticed in the prior month on the Airport's webpage
- Provide Airport-sponsored project updates as requested by the Community Councils or as desired by the Airport
