NOTES:

1. Locate bridge number plates on right-hand side of approaching traffic near each end as shown (2 total).
2. Furnish bridge number plates. Use "Century" type style lettering. Epoxy bond rods into 3/8"ø holes in wingwall blockout. Use epoxy suitable for exterior application and compatible with materials to be bonded. Follow epoxy manufacturer's instructions. Mount plate such that face of plate is flush with the face of wingwall.
3. See "BRONZE BRIDGE NO. PLATE DETAIL" on "APPROACH RAIL" Dwg.
