

Section 106 Proceed Directly to Findings Worksheet

Form version:
2-23-19

*Projects should generally initiate consultation early in their development. This form is a tool to identify occasional exceptions.
Projects that qualify for streamlined review under a programmatic agreement do not need assessment via this form.*

State Project #: **Federal Project #:**

Project Name:

Project Description:

*Briefly describe the project, as you would in a typical consultation letter, ie. brief and in bullet points, or as indicated per region protocol.**

Attach map(s) that include the project area and/or APE.

Background:

AHRS database review date:

Is there potential for adverse effects on known historic properties within the APE? *(If yes, send initiation letters.)* Y N

Is there any expectation of tribal or consulting party concerns? *(If yes, or uncertain, send initiation letters.)* Y N

Is ROW acquisition anticipated on any parcels that may have moderate to high archaeological potential, or that contain built features over 45 years of age? *(If yes, send initiation letters.)* Y N

Does preliminary research indicate any non-road built environment properties over 45 years of age (or other potentially historic properties, such as AHRS sites with no DOE) in the project APE? *(If yes, send initiation letters.)* Y N

If the APE includes unevaluated roads, are they excluded from further review under 106 PA Appendix J.I? *(If no, send initiation letters.)* n/a Y N

Will a cultural resources survey be conducted for the project? *(If yes, send initiation letters **prior to** commencing survey.)* Y N

Circumstances that support proceeding directly to findings: *(Check all that apply)*

- | | |
|--|--|
| <input type="checkbox"/> No ground disturbance
<input type="checkbox"/> Ground disturbance limited to previously disturbed area
<input type="checkbox"/> Low potential for sub-surface resources
<input type="checkbox"/> No/low potential for visual impacts | <input type="checkbox"/> Project area previously surveyed with adequate coverage, and survey is on file with OHA <i>(indicate date and previous project name below)</i>
<input type="checkbox"/> No/low potential for historic built environment resources
<input type="checkbox"/> Previous SHPO consultation with No Historic Properties Affected concurrence and only slight modifications to previous consultation
<input type="checkbox"/> Other <i>(describe below)</i> |
|--|--|

Briefly explain reason(s) to proceed directly to findings:

Analyst/Team Leader:

Date Submitted:

- PQI concurs that project should proceed directly to findings consultation letter
- PQI does NOT concur that project should proceed directly to findings. Initiation letters will be sent.

 Printed Name & Signature, DOT&PF Cultural Res. Professionally Qualified Individual (PQI)

** Note: Region protocols for submission format and attachments may vary.*
